CONSUME

Consume consume that’s all we do
We take and take and don’t regret
We need to know what’s best at end
Our oceans are at risk today
Because of all the things we toss away.

OCEAN WATER

The water goes swish, swish,
Swish.
The shark goes bite, bite, bite
on a tiny fish.
The water goes swish, swish, swish
through the gills of a tiny
Fish.
